FOR THE SPRING OF 1894

## TO THE TRADE

In presenting our Wholesale List for the Spring of 1894, I wish to thank my many patrons for the favors received the past year and invite your careful perusal of this list.

The past season for growing was very favorable and our stock made a good thrifty vigorous growth and will be fully up to our usual high standard.

Our facilities for packing and handling stock without exposure are all that could be desired.

Many years of experience in growing and shipping, experienced help and ever increasing knowledge of the wants of the trade, with the splendid satisfaction our stock has given in the past, gives me every reason to believe we can continue to merit the patronage of our numerous old customers and add many new ones.

Remember I devote my entire attention to growing of stock for the wholesale trade.

### IMPORTANT

Orders should be sent in early as our stock is limited. Plain shipping directions should accompany orders. In absence of these we will forward to the best of our judgment, but in no case do we assume responsibility after consignment to purchaser. Any mistake of ours will be promptly rectified.

Five trees will be furnished at ten rates, fifty at hundred rates, three hundred at thousand rates.

### LOCATION

We are located in southwestern Iowa, forty-five miles from Omaha. Our shipping facilities are first-class as we have two express companies and three railroads—the C. B. & Q., Omaha & St. Louis and the Humeston & Shenandoah.

### GARANTEE OF GENUINNESS

While we exercise the utmost diligence and care to have our stock true to label, it is mutually agreed between ourselves and purchaser, that we shall not be liable for any sum to exceed that originally charged for any stock that should prove untrue to label.

### PACKING

PRICES ARE NET—Boxing and baling extra, for which we charge enough to cover cost. We pack thoroughly with moss, paper-lining boxes when necessary so that trees can be shipped long distances with perfect safety. Our shipping season in the spring commences about March 20. Grafts, Seedlings, Cuttings, etc., can be shipped at any time from this date.

### TERMS OF PAYMENT

Cash or satisfactory security before shipment of goods, other wise by special agreement.

Remit by Bank Draft, Post-Office or Express Money Order—not by private check.

C. O. D. orders must be accompanied with one-fourth cash.

Orders filled promptly. Grades first-class.

Dealers will find our facilities first-class.

Trial orders solicited.

Write for special prices on large orders for Shade Trees and Osage Orange.

Correspondence invited. Address,
